

Alexandra Beley – Mezzo Soprano

Alex has been singing since before she could talk. In fact, because of the constant music making her parents signed her up for the Canadian Children's Opera Company, hoping to get an hour or two of peace and quiet. Turns out, that was the worst thing they could have done, as now she had even more material to sing around the house!

The deal was done when she participated in her first opera, Hansel and Gretel. During that show, she realized that performing in operas meant dressing up, playing on stage with your friends, and singing incredible music! There was no going back.

Since that fateful day, she's had the opportunity to sing and play with some of these companies: Calgary Opera, Opera de Montreal, Bicycle Opera, Abridged Opera, Opera by Request, Powerhouse Opera, and of course with Opera Revue.
